3.14 Standing Order for supply of Paracetamol 500mg / Codeine 8mg

<table>
<thead>
<tr>
<th>TITLE</th>
<th>Standing order for Paracetamol 500mg / Codeine 8mg (adults only)</th>
</tr>
</thead>
</table>
| Trade Name(s) | Codapane, Panamax Co, Panadeine, Panalgesic  
(Note: Paracetamol / codeine preparations are available in multiple dose ratios. Some preparations also contain combinations of doxylamine. This Standing Order is for paracetamol 500mg / codeine 8mg only.) |
| Presentation | Tablet / soluble tablet containing 500mg paracetamol / 8mg codeine |
| Indication | Analgesia for the treatment of moderate pain in adults (any cause). Corresponding pain score may range from 4 – 6 |
| Contraindications | Known allergy to paracetamol, codeine or specific preparation components  
Breastfeeding mothers  
Impaired liver function including current alcohol dependence  
Impaired renal function  
Decreased respiratory reserve  
Previous paracetamol dose (≥ 1g) within last 4 hours  
Cumulative dose of paracetamol ≥ 4g within last 24 hours  
Avoid soluble preparations (due to high sodium content) in heart failure / hypertension / where low sodium intake is indicated |
| Precautions | Nil specific – assess effectiveness by repeating pain assessment 30 – 60 minutes post administration |
| Dose | 2 tablets (paracetamol 500mg / codeine 8mg) |
| Dose frequency | 4 – 6 hourly up to 8 tablets (4g paracetamol total) per 24 hours |
| Administration | To be administered in hospital only.  
Tablet or soluble tablet orally |
| Storage | Must be stored out of patient and public access, preferably in a locked room or a locked cabinet securely attached to the wall or floor – see PD2013_043. |
| Adverse effects | Drowsiness and mental impairment  
Gastrointestinal symptoms  
Rare – though hypersensitivity / allergic type reactions are possible for both paracetamol and codeine |
| Nursing Accreditation Requirements | An RN whose competency to practice Nurse Delegated Emergency Care and to comply with this Standing Order has been assessed and approved by a Local Facilitator, in accordance with the NDEC Education and Accreditation Framework. |
| Documentation | Administration record is to be documented by the administering nurse. Document on the “once only” section of the appropriate medication chart.  
The record of administration must be checked and countersigned by a medical officer within 24 hours of initial administration. |
