

ACI NSW Agency
for Clinical
Innovation

The Agency for Clinical Innovation (ACI) works with clinicians, consumers and managers to design and promote better healthcare for NSW. It does this by:

SERVICE REDESIGN AND EVALUATION

Applying redesign methodology to assist healthcare providers and consumers to review and improve the quality, effectiveness and efficiency of services.

SPECIALIST ADVICE ON HEALTHCARE INNOVATION

Advising on the development, evaluation and adoption of healthcare innovations from optimal use through to disinvestment.

INITIATIVES INCLUDING GUIDELINES AND MODELS OF CARE

Developing a range of evidence-based healthcare improvement initiatives to benefit the NSW health system.

IMPLEMENTATION SUPPORT

Working with ACI Networks, consumers and healthcare providers to assist delivery of healthcare innovations into practice across metropolitan and rural NSW.

KNOWLEDGE SHARING

Partnering with healthcare providers to support collaboration, learning capability and knowledge sharing on healthcare innovation and improvement.

CONTINUOUS CAPABILITY BUILDING

Working with healthcare providers to build capability in redesign, project management and change management through the Centre for Healthcare Redesign.
