Mapping Aged Health Expertise

The Agency for Clinical innovation, Aged Health Network’s aim is to bring together health professionals and consumers to improve the care of older persons in NSW.

The ACI Allied Health Subgroup of the Aged Health Network would like to identify allied health professionals with expertise in aged health working in NSW acute and community facilities.

This will help in identifying key clinicians who may be able to contribute to ACI Aged Health activities and promoting professional networking across metropolitan and rural NSW.

Please return completed forms to Glen Pang: Network Manager Aged Health, ACI
Email: glen.pang@aci.health.nsw.gov.au or fax: (02) 8644 2148 by Friday 20 July 2012.
